

This technical drawing shows a plan view of a railway track layout. A red line labeled 'Querschnitt' (Cross-section) runs diagonally across the tracks. The tracks are color-coded: red for the main line, green for sidings, and blue for other tracks. Various signal markings, including 'Hauptsignal' (Main signal) and 'Nebensignal' (Side signal), are shown. A north arrow is located in the upper left corner. The drawing includes numerous dimension lines and labels for track lengths and distances.
